

Lifting off with eVTOLs

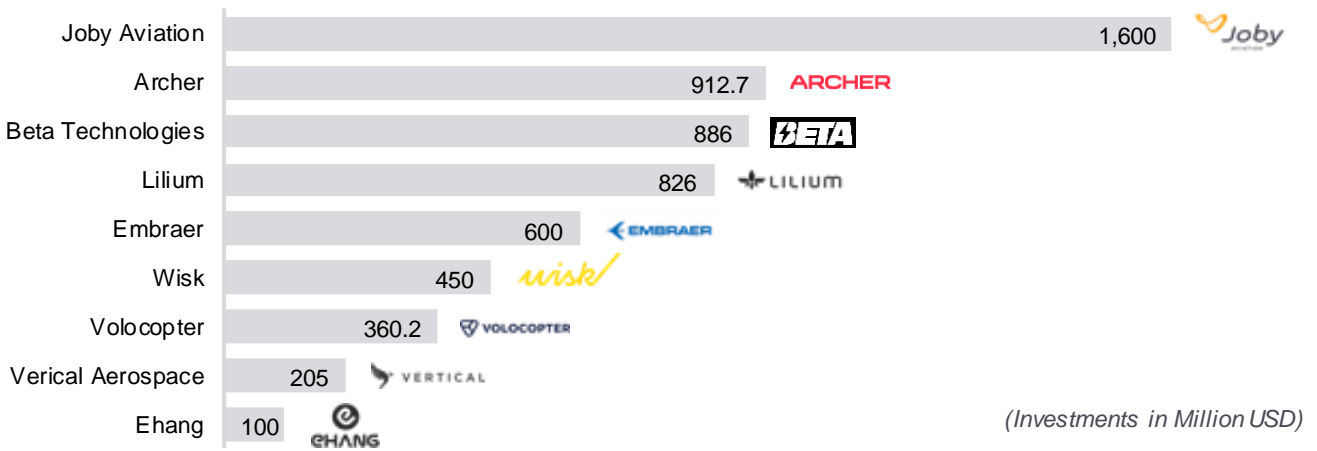

The Sustainable Aviation Revolution

eVTOL Global Market Forecast

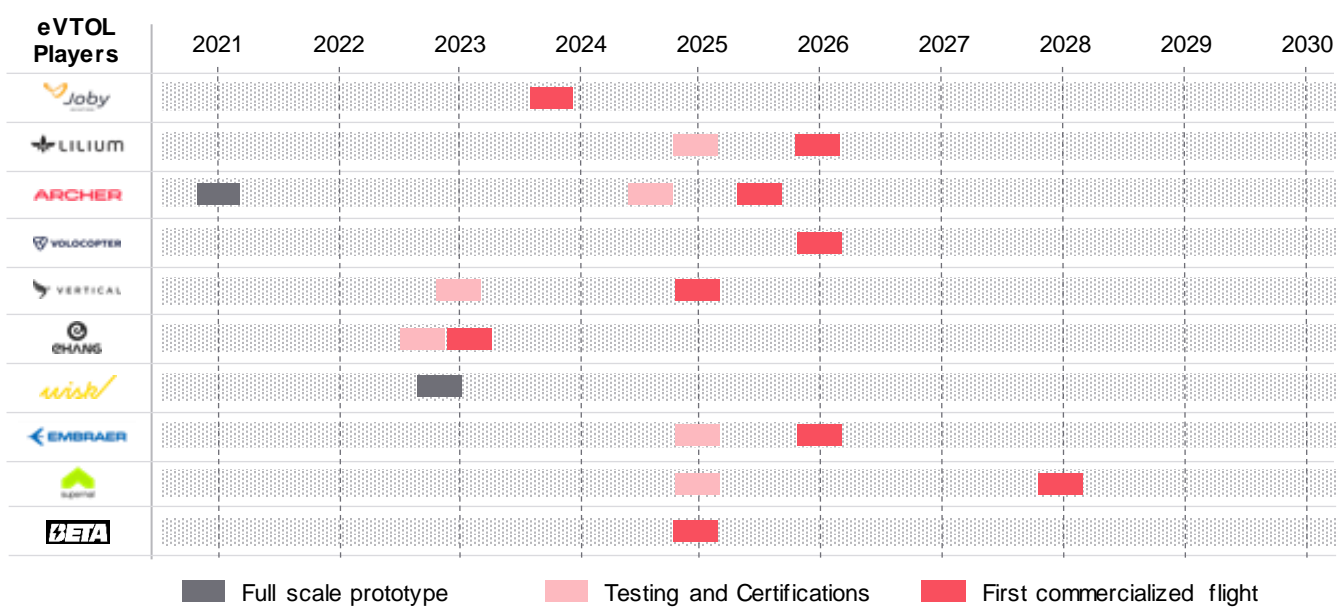

Investments and Funding

Investments in eVTOL startups peaked in 2021 with an impressive **USD 7.7 billion**

eVTOL Certification and Commercialization Timelines

Key eVTOL Partnerships and Industry Involvements

Major airlines like Boeing and Airbus, along with traditional automotive manufacturers have joined the eVTOL ecosystem, having identified a new horizon for future air transport.

Conclusion

- By 2030, a significant number of operators will offer inter- and intra-city aerial mobility services, with at least 10,000 eVTOLs in service globally.
- A new market for eVTOL transportation-related services and infrastructure, with a multi-ten-billion-dollar opportunity, will emerge by 2030.
- Automotive industry can capitalize on eVTOL components market leveraging its existing capabilities and mass production experience.

About FutureBridge

FutureBridge is a techno-commercial consulting and advisory company. We track and advise on the future of industries from a 1-to-25-year perspective to keep you ahead of the technology curve, propel your growth, identify new opportunities, markets and business models, answer your unknowns, and facilitate best-fit solutions and partnerships using our platforms, programs, and access to global ecosystems and players.
